Title: GERALD RUDOLPH FORD

Character: SPECIAL INQUIRY

Synopsis:

Social acquaintances RUSSELL D. OLIVER and LOUIS A. WEIL, JR., heartily endorsed GERALD FORD for the position of Vice President of the United States of America.

-RUC-

DETAILS:- SOCIAL ACQUAINTANCES -

On October 17, 1973, RUSSELL D. OLIVER, Alumni Director, Culver Military Academy, Culver, Indiana, advised he played on the University of Michigan football team with FORD during 1932, 1933, and 1934. OLIVER advised FORD was voted Most Valuable Player of 1934. OLIVER stated that as he (OLIVER) lived off campus, he does not recall FORD's residence at the University of Michigan or if FORD was a fraternity member. OLIVER stated that on several football trips, he roomed with FORD and described FORD as an extremely fine individual with impeccable character and one of the finest persons he has ever known. He advised he does not recall whether FORD was employed while attending the University of Michigan nor does he recall any close associates of FORD except for EMMETSON GORDON, who resides in Grand Rapids, Michigan. OLIVER advised that FORD was not married while attending the University of Michigan; however, he married several years later.

OLIVER stated he is acquainted with FORD's family and has seen FORD and FORD's wife and children on several occasions in the past. He stated that he knows of

no finer individual than GERALD FORD and would highly recommend him for the high position of Vice President of the United States.

LOUIS A. WEIL, JR., former Publisher of the now-defunct "Grand Rapids (Michigan) Herald," former Editor and Publisher of the "Lansing (Michigan) State Journal," former Publisher of the "Lafayette (Indiana) Journal and Courier," and present member of the Board of Gannett Newspapers, Inc., Rochester, New York, was interviewed at the offices of the "Lafayette Journal and Courier," Lafayette, Indiana, on October 17, 1973.

Mr. WEIL advised he first met GERALD FORD in 1947 and prior to this time he was a friend of GERALD FORD's father who helped Mr. WEIL become involved in community affairs in Grand Rapids, Michigan. His first recollection of GERALD FORD was upon FORD's return from the war and his entering law practice. He became well acquainted with FORD when FORD ran for Congress in the 1948 campaign.

WEIL stated he saw FORD periodically during the period of 1948 - 1958 at social and political affairs. FORD's wife was an instructress of an exercise group in town, so their wives became acquainted and subsequently became good friends. In 1959, WEIL left town and saw little of FORD thereafter. He last saw FORD at a Gridiron Dinner in the District of Columbia in March of 1970.

WEIL stated that he editorially supported FORD in his newspapers and was a staunch supporter of FORD. At no time did he have any business dealings with FORD, work for him in any manner, or publish or print any documents or papers for him.

WEIL stated that he was close to the scene in Grand Rapids and if there were the least whisper of wrongdoing by FORD, he would have heard it. He has not heard the least of negative remarks concerning FORD, nor gossip, nor innuendo from political opponents. He remarked that in his day FORD was a great athlete, but is not flamboyant, is not a showman, nor is he a great speech maker. He is not an exciting personality and is low key in his approach, all favorable traits according to Mr. WEIL.

Mr. WEIL felt that FORD's loyalty was beyond question, and he was above reproach in all areas. He stated that his ability is also above question, remarking that if he did not produce for his constituency, he would never have been re-elected. Mr. WEIL heartily endorsed GERALD FORD for the position of Vice President of the United States of America.

Synopsis:

FRANCIS MICHAEL WISTERT, Toledo, Ohio, advised he was an associate of appointee 1931-1933, when they both were members of the University of Michigan Football Team. His association with appointee since 1933 consisted only of rare and brief meetings at social functions and occasional correspondence regarding Federal legislative proposals. WISTERT highly recommended appointee for high governmental appointment.

- RUC -

DETAILS:

On October 17, 1973, Mr. FRANCIS MICHAEL WISTERT, 3822 West Central Avenue, Toledo, Ohio, was contacted at his offices at Eltra Corporation, 511 Hamilton Street, Toledo, where he holds the position of Vice President. Mr. WISTERT advised he remembers GERALD R. FORD very well as a fellow member of the varsity football team at the University of Michigan, Ann Arbor, Michigan. Mr. FORD entered that institution as a freshman student in 1931 and Mr. WISTERT was personally acquainted with him socially and as a fellow athlete from that time through the 1933 school year when Mr. WISTERT graduated. He said it was his understanding Mr. FORD later was voted most valuable player of the University of Michigan Football Team at the completion of his last year there in 1934.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Mr. WISTERT has maintained no close association with Mr. FORD since 1933, although he has met and spoken with him briefly on several occasions at social functions during the intervening years. Mr. WISTERT said he last met Mr. FORD in December, 1972, when Mr. FORD was presented a Gold Medal Award from the National Football Hall of Fame - an honor previously afforded such dignitaries as DWIGHT D. EISENHOWER, JOHN F. KENNEDY, and RICHARD M. NIXON. He advised he also has corresponded with Mr. FORD from time to time to express his personal interest in Federal legislative proposals before the Congress of the United States, in connection with which Mr. FORD has been constantly fair, honest, and true to the best interest of his constituency.

Mr. WISTERT continued that he has always regarded GERALD R. FORD as a person of excellent character - a typical all-American boy in college, and a solid, loyal American citizen and public official since his college days. He said he never knew Mr. FORD to smoke or to drink alcoholic beverages in college and never has known or heard of a derogatory remark from anyone as to his character or personal habits.

Mr. WISTERT said he believed Mr. FORD was a member in good standing of two honor societies at the University of Michigan while a student there - Sphinx and Michiguans; also he was business manager of Delta Kappa Epsilon Fraternity there and did a very good job of maintaining an orderly and clean Fraternity House and capably managing the financial records.

Mr. WISTERT also advised he has no reason to question Mr. FORD's individual or organizational associations at any time, and he considers Mr. FORD an emotionally stable man of outstanding capable abilities, particularly in regard to his chosen field of political endeavor and statesmanship. He said he would recommend the appointee without qualification for a high appointment with the Federal Government.

Union Representatives

On October 17, 1973, LEONARD WOODCOCK, President, United Auto Workers Union, 8000 East Jefferson Street, Detroit, Michigan, was interviewed by Special Agent [redacted] in Chicago, Illinois. He said he has known GERALD FORD since 1948 when they were fellow citizens of Grand Rapids, Michigan. At that time, he worked in FORD's behalf in the Republican primary election for Congress. WOODCOCK and others were part of a coalition which worked for FORD in an effort to defeat the then incumbent who was an isolationist.

WOODCOCK said he and FORD have always been members of opposite political parties in that WOODCOCK is a Democrat and they have not been closely associated since the above primary although he has seen him occasionally over the years. The last time he saw him was in early 1973 when both were awarded honorary degrees by Grand Valley State College, Grand Rapids, Michigan.

He said he considers FORD completely honest, of unquestionable integrity, a loyal American citizen and a fine family man of good morals and moderate personal habits. To the best of his knowledge, FORD is free from bias or prejudice in racial, religious or labor-management matters. He has never had the opportunity to appraise FORD's ability as an attorney.

WOODCOCK said he was quite pleased with FORD's nomination as Vice-President of the United States as "he has the capacity to bring a torn country together". He considers him capable of being President but said he would not vote for him inasmuch as WOODCOCK is of the opposite political party.

2

Interview of Appointee

The appointee, Representative GERALD RUDOLPH FORD (Michigan), volunteered the following background information to SA [REDACTED], on October 16, 1973:

At the outset he stressed he knows of no information concerning him or his family which can be considered as having any potential for embarrassment to President NIXON or to his administration, nor to him, his family, or personal staff. He said, however, there are some factors concerning his political life which may be "grist" for newspaper articles concerning his finances. In this latter regard he referred to recent articles by JAMES R. POLK of the Associated Press and ROBERT WINTERBERGER, author of the book entitled "Washington Payoff."

At the outset of the interview, Representative FORD telephoned his accountant, [REDACTED], a certified public accountant in Grand Rapids, Michigan, and instructed him to immediately prepare a net worth statement of Representative FORD's finances. [REDACTED] and [REDACTED], have handled Representative FORD's finances and tax reports for approximately 23 years. He instructed [REDACTED] to make available all financial records to representatives of the Federal Bureau of Investigation and also to furnish these representatives copies of all Federal and State tax returns for the previous 10 years and, if needed, all copies of income tax returns in the possession of [REDACTED] and [REDACTED].

Review of Bank Accounts Presently in the Possession of Representative FORD

Representative FORD and his wife, ELIZABETH BLOOMER FORD, maintain a joint account in the Central

Bank, Grand Rapids, Michigan. He characterized this account as being dormant and its balance as of October 1, 1973, amounted to \$200.00. This account balance fluctuates between \$200 and \$600 and is generally drawn upon by Representative FORD's wife as so-called "pin money" during infrequent trips made by her to Grand Rapids, Michigan. Representative FORD maintains an attorney account in the Union Bank and Trust Company, Grand Rapids, Michigan, which he established in the 1940's when he was engaged in the private practice of law in Grand Rapids. This account is dormant and its balance as of September 29, 1973, is \$106.10. Representative FORD maintains a personal account in the Grand Rapids Mutual Federal Savings and Loan Association, Grand Rapids, Michigan. The balance of this account as of July 5, 1973, is \$278.06.

Stocks and Bonds

Representative FORD is the holder of debentures of the Ford Paint and Varnish Company, Grand Rapids, a family owned company, which are valued at approximately \$9,000. These debentures fell due on July 1, 1970. By agreement between Representative FORD and the company the term on these debentures was extended to December 1, 1975, at a rate of interest amounting to 8% per annum. The denomination of these debentures are as follows:

- 1 - \$750 debenture
- 1 - \$1,025 debenture
- 1 - \$500 debenture
- 1 - \$6,756.25 debenture

The foregoing debentures are the only investments held by Representative FORD. He has not owned any stock nor has he had any other financial interest in any business endeavor.

These notes were issued on August 2, 1957, and Representative FORD considers them as having no value whatever and as purely a memento.

Representative FORD is the holder of one U.S. Government Series E Savings Bond in the denomination of \$25.00 which he purchased in January, 1971. He noted he has never been the owner of any other bond or indebtedness of the U.S. Government.

Representative FORD, during his telephone conversation with his accountant, [redacted], indicated he is unaware of the value of his real estate holdings and that he will immediately order the municipal real estate assessor of the various properties to forward their evaluations to [redacted] for the purpose of compiling the Representative's net worth statement. In addition, he and Mrs. FORD will also fix a valuation of their personal property and forthwith furnish it also to [redacted].

Representative FORD receives approximately \$500 on a quarterly basis to defray the expenses incurred in the production of radio and TV spot political announcements, which are produced for presentation in his Congressional district. As of October 1, 1973, the balance of the account was \$226.

AREAS IN WHICH REPRESENTATIVE FORD FEELS HE
MAY BE SUBJECT TO NEWSPAPER CRITICISM

ROBERT WINTER-BERGER

Representative FORD advised he had casual, intermittent, political contact with ROBERT WINTER-BERGER in New York City, New York, during the period 1966-1968. WINTER-BERGER is the author of "Washington Payoff", a book published in 1970 by the Dell Publishing Company, New York City. The book deals with so-called "influence peddling" at the U.S. House of Representatives and particularly describes the activities of NATHAN VOLUSHEN and MARTIN ZWEIG, former Administrative Assistant to Speaker of the House of Representatives, JOHN MC CORMACK. Representative FORD said WINTER-BERGER unfairly characterized his association with the Representative's office and suggested in the book that WINTER-BERGER received numerous courtesies and assistance in various matters. WINTER-BERGER also suggested that he had contributed funds to Representative FORD's campaign. Representative FORD said that on two or three or four occasions when WINTER-BERGER suggested that he would contribute to Representative FORD's campaign organization, Representative FORD refused all of these proffered contributions. Representative FORD said he "told WINTER-BERGER to make a contribution to the House Republican Campaign Committee or to any local or national Republican organization."

Following publication of WINTER-BERGER's book,

WFO 161-9324

Representative FORD and his administrative assistant, FRANK MEYER (deceased) determined through inquiry of various Republican campaign organizations that WINTER-BERGER had contributed \$500 to the Kent County Michigan Republican Organization and had made no other campaign donations.

JAMES R. POLK

Representative FORD is aware of articles published by JAMES R. POLK, Associated Press, in 1971 and 1973, in which they alleged the Representative violated the so-called Corrupt Practices Act. Representative FORD advised that in election years when he receives an excess of campaign donations he customarily endorses these checks over to the House Republican Campaign Committee and that thereafter he has no control over the distribution of these monies. He said POLK in the 1971 articles drew the conclusion that the excess campaign contributions were detoured through Republican headquarters because the amount of excess campaign funds approximated the amount of money distributed to other FORD campaign committees by the House Republican Campaign Committee.

Attached hereto as enclosures are copies of an article by JAMES R. POLK entitled "FORD Didn't Report \$11,500 Contributed to His Campaign" from the February 11, 1971, edition of "The Evening Star" and an article by JAMES R. POLK entitled "Rep. FORD Failed to Report \$11,500" from the February 12, 1971, edition of "The Washington Post."

WFO 161-9324

Fifth District Account
Union Bank and Trust Company
Grand Rapids, Michigan

Representative FORD advised that approximately 10 or 15 years ago following a campaign for re-election, he deposited excess campaign donations in the Fifth District Account and subsequently used these funds for the payment of incidental expenses incurred by him in the conduct of his district and Capitol Hill Office. Withdrawals and deposits to this account are in the sole control of Representative FORD. Items for which withdrawals are made are for the purpose of weekly or bi-monthly publications of the Representative's news letter. They are also used to defray the cost of Representative FORD's clipping service in Washington, D.C.

It is Representative FORD's habit to also utilize this account in the payment of transportation expenses incurred by him as a result of numerous speaking engagements throughout the country. In this regard he purchases his transportation by means of a withdrawal from this account and receives reimbursement for his transportation from those organizations before whom he speaks.

Representative FORD advised he receives numerous donations from constituents in Michigan which he applies to the Fifth District Account.

The balance of this account as of October 1, 1973, amounted to \$777.11.

Representative FORD noted he has never reported the Fifth District Account as personal income in the preparation of his various tax returns. He views the account as a business expense and has been advised of the existence of an Internal Revenue Service ruling which supports his view as to the usage of the account. He displayed a copy

WFO 161-9324

of a publication dated September 4, 1973, by the Bureau National Affairs, Inc., Washington, D.C., which, in Representative FORD's opinion also reinforces his view that the Fifth District Account is a business type account.

Outstanding Indebtedness

Representative FORD advised he is presently indebted in the amount of approximately \$1,600 as a result of a loan obtained from the National Bank of Washington, the proceeds of which were distributed to him by the Clerk of the House of Representatives.

Representative FORD advised he has no other indebtedness other than of a normal household variety.

Mr. ARNOLD MILLER, President, advised that he personally has never met GERALD R. FORD; however, would interpose no objection to him as being nominated Vice President of the United States.

He remarked that the Union's position with regard to FORD's appointment was that he was a strong Republican in the sense that he tended to support programs supported by the Republican Party without question and in spite of their value or lack of value. Mr. MILLER also commented he would like the United Mine Workers of America to go on record as desiring that GERALD FORD make a full disclosure of his financial dealings over the past two elections, and that he make available the nature of any individual client dealings he may have had while in public office.

Mr. MIKE TRBOVICH, Vice President, advised he has never had any personal dealings with GERALD FORD; however, Mr. TRBOVICH stated he has never encountered any information which could prove to be a source of embarrassment or in any other way, preclude him from being confirmed by the United States Senate as Vice President of the United States.

Mr. HARRY J. PATRICK, Secretary Treasurer, advised he has never met GERALD FORD and that he has never encountered any information which would cause him to object to GERALD FORD from being confirmed Vice President of the United States.

Mr. ROBERT R. NELSON, Director, Legislative Department, advised that he has had nine years experience working on Capitol Hill in connection with Congressman HECKLER's Office, and that he has met and observed GERALD FORD on several occasions regarding various official functions.

He remarked his experience, regarding GERALD FORD, has led him to believe he is a person of high integrity and one who was straight forward and honest in his personal dealings on Capitol Hill.

Although Mr. NELSON could offer no bonafide objection regarding FORD's confirmation, he felt that the only criticism with regard to GERALD FORD was that he was a strong Republican Party member and tended to support the programs and policies without regard to their value or lack of value on a particular issue.

Mr. NELSON remarked that in his opinion, GERALD FORD was an excellent nomination overall, and felt he would execute the duties of his office in accordance with his oath of office.

On October 17, 1973, Dr. ISAAC FRANCK, former Executive Vice President, Jewish Council of Greater Washington, 1330 Massachusetts Avenue, advised SA PERRY SPEEVACK that he has met FORD on no more than two occasions and does not know him well enough to comment except that based on this limited association, he appeared to be gracious and intelligent. He said that he knows of no information which would be detrimental to FORD being placed in a position of trust and confidence with the U. S. Government, especially that of Vice President of the United States.

He advised that DANIEL MANN, his predecessor, would not be acquainted with FORD to any degree which would allow him to comment concerning FORD.

On October 17, 1973, Rabbi STANLEY RABINOWITZ, Adas Isreal Congregation, Washington, D. C., advised that he does not know FORD personally and is in no position to comment concerning FORD.

COUNTRY CLUB MEMBERSHIPS

The following investigation was conducted by
SA [REDACTED] on October 17, 1973, in Bethesda, Maryland:

Congressional Country Club,
8500 River Road, Bethesda, Maryland

[REDACTED], Secretary to the Manager
advised that the appointee has been a member since October,
1965. The appointee holds a non-resident special membership
which is offered to all Senators, Congressmen and Presidential
Appointees requiring the approval of Congress. As a non-
resident special member the appointee is not permitted to be on
any of the Club Committees. [REDACTED] stated that the
appointee uses the club about once a month and has never
been delinquent.

b6
b7c

Mr. A. E. MARTIN, Manager, advised that he has
known the appointee since 1965. He is a member held in
high regard by both members and staff. The appointee has
never requested any special considerations.

Mr. MARTIN advised that he is not aware of any
discriminatory procedures being used at Congressional Country
Club.

Burning Tree Country Club
Burdet and River Road, Bethesda, Maryland

Mr. JAMES CORRIGAN, Manager, advised that the
appointee is a resident member and has been since March 7,
1966. The appointee is not on any of the club committees.
The appointee uses the club only infrequently never more
than once a month. Mr. CORRIGAN stated that membership
is open to all and that he is unaware of any discriminatory
practices being conducted at the Burning Tree Country Club.

GOVERNMENT ACCOUNTING OFFICE

The following investigation was conducted by SA MAURICE F. DONEGAN, JR. on October 17, 1973:

PHILIP S. HUGHES, Director, Office of Federal Elections, United States General Accounting Office (GAO), advised that GAO has received no request to date from the Clerk of the United States House of Representatives for any investigation of the campaign contributions of appointee and their distributions by him. Under the previous statute (Corrupt Practices Act) and the new law effective May 7, 1972, (Federal Election Campaign Act of 1971 - Public Law 92-225) campaign receipts and disbursement reports are sent to the Clerk of the House of Representatives by committees concerned with House elections, to the Secretary of the Senate by committees concerned with Senatorial elections and to the Comptroller General of the United States (GAO) by committees concerned with Presidential and Vice Presidential elections. Under the latter provision GAO has received reports of some 2000 committees on approximately 100,000 pages. Mr. HUGHES noted that some of these reports contain incidental reference to the campaigns of the United States Senators and Representatives.

Mr. HUGHES noted that GAO has received a request from the House Judiciary Staff for the following reports in the possession of GAO by virtue of GAO's responsibility noted above:

- 1) All reports of the Finance Committee to re-elect the President.
- 2) All reports of the Michigan Finance Committee to re-elect the President.
- 3) All reports of the Kent County (Michigan) Republican Finance Committee to re-elect the President.
- 4) All reports of Kent County (Michigan) Republican Committee.
- 5) All reports of the Kent County (Michigan) Republican Women's Committee.
- 6) All reports of the Fifth District (Michigan) Republican Committee.
- 7) All reports of the Michigan Democrats for NIXON (apparently never really activated).

Supervisory authority over the committees under the Federal Election Campaign Act is given to the Clerk of the House, Secretary of the Senate and the Comptroller General.

WFO 161-9324
RST:mmd

2

Some committee (such as the Republican National Committee) reported to all three but generally the reports were sent to one supervisory authority and any request for investigation would come from that authority as the Clerk of the House for committees concerned with House elections. Prior to the Federal Election Campaign Act, and under the old Corrupt Practices Act the Comptroller General did not have any supervisory authority but the Clerk of the House did have some supervising authority in connection with House elections and received pertinent reports.

WARREN COMMISSION

The October 22, 1973, issue of "Newsweek" contains an article entitled "GERALD FORD: The Politics of Loyalty." On page 38 the following paragraph appears:

"FORD had one precious brush with impropriety. During his service on the Warren Commission, FORD contracted with Life magazine to do an 'inside story' for a handsome fee. It was timed to appear with the official report, but nearly broke the release date when the commission's own publication schedule was held up. Later, FORD apparently disobeyed Warren's orders by shipping commission transcripts to his ghostwriter for a book entitled 'Portrait of an Assassin'...."

Mr. Chief Justice EARL WARREN, United States Supreme Court, Retired, advised SA [REDACTED] on October 17, 1973, that he never heard, nor has he any knowledge of any story FORD wrote for Life magazine.

Mr. Chief Justice recalled he was appointed by the late President LYNDON B. JOHNSON as Chairman of a commission to investigate the assassination of the late President JOHN F. KENNEDY. The appointee was a member of the commission. In this connection, Mr. Chief Justice advised it was agreed among the members of this commission that the final report of investigation would be the only publication made of the inquiry. He stated he was "shocked" when he heard of the book attributed to Mr. FORD entitled "Portrait of an Assassin" which he has never read.

He pointed out he would allow this statement to stand on its own and based on its contents, the reader could determine the propriety of Mr. FORD's action.

He related the work of the commission was a very depressing task and he (WARREN) has never discussed any phase of it publicly.

He recalled the appointee impressed him as an extremely partisan politician.

Mr. Chief Justice related he feels it would not be fair of him to recommend or not recommend the appointee from any aspect since his contacts with him were occasional meetings "around the table" in connection with the commission's work, and about a dozen meetings during his public or social affairs.

The following investigation was conducted by Special Agent, [REDACTED] at Washington, D.C.:

On October 17, 1973, JOHN SHERMAN COOPER, Ex-Senator of the State of Kentucky, was interviewed at his office, Seventh Floor, 888 16th Street, Northwest, Washington, D.C.

Senator COOPER was asked to comment on GERALD R. FORD, with special emphasis placed on their relationship during their work on the Warren Commission.

Senator COOPER advised that he had known GERALD R. FORD since he came to Congress in 1948. Senator COOPER stated that Mr. FORD has always been highly respected by him and other members of Congress. He stated that he was a man of honor and the type of man that "his word was his bond."

Senator COOPER had never heard anything derogatory concerning GERALD R. FORD. He advised that FORD was a man of great loyalty and patriotism. Senator COOPER stated that FORD had been in his home and that while there, he had always conducted himself in a correct and proper manner. He always "behaved like decent people". Senator COOPER stated that "GERALD has always been sober and never got tight."

Senator COOPER advised that he had worked with FORD in 1964 while both were members of the Warren Commission. Senator COOPER advised that they worked on the Commission over a period of eight months. Senator COOPER stated that while working on this committee GERALD R. FORD was always faithful in attendance and very loyal. Senator COOPER stated that FORD was excellent in questioning witnesses. FORD was said to have had the respect of all the members of the Commission. Senator COOPER commented that WARREN would lean on him (FORD) quite a bit. Senator COOPER advised that while on the committee and throughout FORD's political life he has known him as a man of reason and good judgment, one that is loyal and diligent.

Senator COOPER stated, "I would be very surprised if anything would be found the least bit questionable about FORD; in fact, I have never heard a Democrat say anything derogatory about him. He has always been a man of good, sound judgment."

Senator COOPER commented on the fact that some people consider FORD not to be an ambitious person. Senator COOPER stated that this was a misunderstanding in the fact that FORD always tended to his job instead of looking and seeking higher positions.

Senator COOPER stated that he would highly recommend GERALD R. FORD for a high position of honor, trust, and confidence. Senator COOPER stated that hopefully nothing would ever happen to President NIXON, but if it did, he would feel comfortable with FORD as president.

PERSONAL PHYSICIAN

Office of the Physician, United States Capitol

On October 17, 1973, Doctor FREEMAN H. CARY, Attending Physician, made available the clinical file of the appointee, Representative GERALD R. FORD, pursuant to instructions of Representative FORD. Doctor CARY summarized the appointee as being in excellent health and as having no emotion problems or apparent anxieties. He described the appointee's bodily functions as good. He noted that within the past year, the appointee underwent a surgical process for the correction of a so called "chronic football knee". His recovery following this operation has been excellent and the appointee has resumed full physical activity without any residual problem.

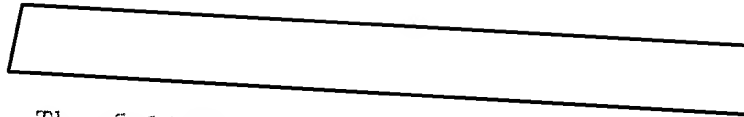

Doctor CARY has attended the appointee during the past six or seven years and the appointee's clinical record covered a span of 25 years. The appointee has been in the habit of undergoing annual general physical exams and at no time during these exams have any serious health problems been noted.

Doctor CARY recalled he and the appointee and Representative HALE BOGGS (Louisiana) (deceased) travelled to the Republic of China in June, 1971 and toured that country for approximately 2½ weeks. During this time he had ample time to observe the appointee and he observed no excess in his personal habits or demeanor. Doctor CARY knows of no unfavorable information concerning the appointee's character, associates, reputation, or loyalty. He is favorably disposed toward the appointee's nomination for Vice President of the United States.

United States Government records, reviewed by SA [REDACTED] on October 16, 1973, disclose that GERALD R. FORD, JR. was first issued Special Passport 11911 at Washington, D.C. on July 24, 1953 for proposed travel for three to four weeks to Japan, Formosa, Korea, Indo-China, India and Pakistan on official business for the House Appropriations Commission. This passport was renewed at Washington, D.C. on August 3, 1955 to expire on July 24, 1957 in connection with his proposed departure on August 8, 1955 for Germany, France and the Netherlands.

Special Passport 205776 was issued to Congressman FORD on July 16, 1959 at Washington, D.C. for proposed travel for three weeks to Poland, the U.S.S.R., West Germany, France and Great Britain for the annual meeting of the Interparliamentary Union. The application for this passport was supported by a letter dated July 17, 1959 from Congressman HAROLD D. COOLEY, President, American Group, Interparliamentary Union, designating FORD as a delegate to the Warsaw Conference of that Union and stating that its Executive Committee meeting would be held thereafter in Moscow. This passport was revalidated on August 29, 1960 in connection with his being a member of the U.S. Delegation to the 49th Conference of the Interparliamentary Union (IPU) meeting in Tokyo, Japan in September and October, 1960. He also planned to visit England to attend an air show which was not IPU business.

This 1959 passport was renewed at Washington, D.C. on September 8, 1961 to expire on July 16, 1963, in connection with his proposed travel to Brussels for the IPU. This passport was revalidated at Washington, D.C. on May 9, 1962 in connection with his travel the following week to Sweden and France. On November 2, 1962 his passport was revalidated for travel to Japan, Taiwan, Hong Kong, Thailand and Vietnam.

on business for the House Subcommittee on Defense Department Appropriations in November, 1962. The file shows that he was scheduled to visit Puerto Rico, Jamaica, and Haiti in December, 1962.

Official Passport Y-1064698 was issued to him at Washington, D.C. on May 26, 1972 for official travel to China, Hong Kong and Japan in June and July, 1972. This passport was revalidated at Washington, D.C. on March 1, 1973 for a Congressional trip to mainland China.

The Passport Office does not receive information as to whether or when a passport is used for foreign travel.

and John R. Stiles. 508p \$6.95 Simon & Schuster
B or 92 Oswald, Lee Harvey. Kennedy, John Fitzgerald
65-18886

"A narrative that grew out of the reactions of one
member of President Johnson's Commission that was set up to
report upon the assassination of President John F. Kennedy."
(Foreword) Index.

"The still-secret contents of the deliberative
sessions of the Warren Commission remain a source of specula-
tion and interest. . . Congressman FORD is the first commission
member to publish independently, but anyone who anticipates
an inside report will be disappointed. It is OSWALD who intri-
gues him, and Portrait of the Assassin essentially is just
an editing job of commission testimony so that, rearranged in
chronological order, it tells the running story of his life . . .
About the only brief personal comment Rep. FORD allows himself
is an opinion that OSWALD's biggest problem was that 'in his
life he had had no meaningful human relationships.' . . . (A)
conservative appraisal causes one to wonder why this book was
ever published. Since it adds nothing new and fails to im-
prove upon the old, is it really needed?" Douglas Kiker

BOOK WEEK p11 J1 4 '65 550w

"(OSWALD's) early life is treated very briefly; but
this is the period that needs to be covered more thoroughly if
the true picture of the man is ever to be known. Despite the
long and tedious passages of testimony (almost the entire
book seems to have been glossed from the testimony before the
Warren Commission), the authors have succeeded in piecing to-
gether the life of OSWALD in a readable and interesting fashion.
Few persons will have the perseverance or the time to plow
through the 26 volumes of testimony and exhibits of the Warren
Commission. The present writers have done this, and the result
is a book which undoubtedly will have appeal to many readers."

"Representative FORD (R., Mich.) . . . and his special assistant during the Commission's hearings have produced a fascinating book. Using the testimony given at the hearings and their own impressions of the witnesses, they have pieced together a narrative as well as a portrait. . . . The authors' style is undistinguished, and their homilies about the benefits of family life are gratuitous. Nonetheless, their book is astonishing; the subject is high tragedy--the death of a ruler--told with attention focused on the killer, and set against the familiar Pop Art background of lower-middle-class American life."

On October 17, 1973, SA [redacted] searched the Book Review Digest for Ralph Rader's Congress Project, Citizens Look at Congress, Grossman Publishers, Washington, D.C., (1972), and no review was found.

On October 17, 1973, SA [redacted] searched the Book Review Digest and determined the following information on "The Washington Pay-Off" by ROBERT W. WINTER-BERGER:

WFO 161-9324

RST:lkf

1

WINTER-BERGER, ROBERT W. The Washington pay-off: an insider's view of corruption in government, 341p \$10 Stuart, L.
329 Corruption (in politics). U.S.-Politics and government. Campaign funds. Lobbying

"An account of the Washington influence-peddling scandals of the late 1960's in House Speaker JOHN W. MC CORMACK's office. A minor figure in these events, WINTER-BERGER 'tells all' about his connections with attorney and lobbyist NATHAN VOLOSHEV and MARTIN SWERG, a longtime assistant to MC CORMACK. (Both VOLOSHEV and SWERG were subsequently indicted and convicted for illegal activities.) WINTER-BERGER discloses that at the same time he was also working the other side of the street as an influence peddler under the shield of GERALD FORD, leader of the Republican minority in the House of Representatives." (Library J) Index.

"Despite its repetitious there, 'The Washington Pay Off' is far from boring. The pace is exceptionally brisk and it is thoroughly entertaining. In fact, it is so entertaining that until the book's true depth begins to be understood, one is tempted to dismiss it as light reading about a serious subject. . . . As the book develops, the author appears to be totally level headed, yet he tends to come on a bit too strong throughout as the innocent party rubbing elbows with sanctioned crooks of the Capitol. Then near the end. . . he lashes out against some anti-Semitic, antimorality cocktail party chatter which he heard while in company of the 'horsey set.' Understandably, he is quite bitter, but the savageness with which he counterattacks almost destroys the carefully constructed framework of his book, leaving the reader the suspicion of revenge as his primary motive." D. W. GUYEN

"Although the jacket claims that WINTER-BERGER 'attacks both Democrats and Republicans with equal impartiality,' it does seem that he harpoons the Democrats considerably more. This may be due to the fact that most of the book is built around the career of NATHAN VOLOSHEV in JOHN MC CORMACK's office. . . . Should be in every college library, along with (SANFORD WATKINS's) Conflict of interest (PRD 1971) and (HERBERT ALEXANDER's) Money in politics (PRD 1972)."

WFO 161-9324

RST:lk

2

"Much of what WINTER-BERGER recounts has already been aired thoroughly in the press. The few additional tidbits with which he spices his account are not enough to freshen these stale and sordid goings on and are unimportant for a better understanding of corruption in government. More suitable for a few articles in a Sunday newspaper supplement, the material here is too thin and ephemeral to justify being published in book form." HARRY FRUMERMAN

"It is no wonder that most newspapers and magazines have refused to review this book and that many bookstores will not sell it. The fear is not the libel. Something much more elemental is involved. If the corruption and greed of the renegade Property Party has placed in the Congress and the White House become common knowledge, the whole rotten business could very well collapse and property itself would be endangered." Attached hereto as enclosures are copies of the December 28, 1967, and April 10, 1971, columns "The Washington Merry-Go-Round" stating generally that Mr. FORD intervened on behalf of AVCO Corporation during an investigation of alleged activities of that corporation. In 1963 the FBI conducted at the request of the Criminal Division of the Department of Justice a limited investigation of allegations that two individuals, one a General in the Air Force and the other an Assistant Secretary of the Army, were instrumental in having a contract for the VRC - 12 radio awarded to AVCO and may have received payments for their efforts. Upon completion of the investigation the Criminal Division determined there was no basis for criminal action. Congressman GERALD R. FORD was not involved or mentioned during the investigation.

On October 17, 1973, WILLIAM P. O'BRIEN, Deputy Assistant Commissioner of Deportation, Central Office, Immigration and Naturalization Service (INS), made available to SA [redacted] INS file [redacted] concerning [redacted], whose birth date was indicated as being [redacted].

O'BRIEN noted that this file is a "skeleton file only" concerning [redacted] and that the principal administrative file concerning [redacted] is maintained in the INS District Office in Milwaukee, Wisconsin.

According to this file, [redacted] was admitted to the U. S. at New York, New York, as a visitor for pleasure on July 8, 1965. His visit, which was authorized until January 7, 1966, was extended to July 7, 1966, and subsequently [redacted] was found to be engaged in unauthorized employment. Deportation proceedings were instituted June 14, 1966, and [redacted] was found deportable as charged, with the privilege of voluntary departure. On January 10, 1967, Congressman ABRAHAM MULTER (New York) introduced House of Representatives Bill 1704 on behalf of [redacted], requesting permanent residence status for him in the U. S. A similar bill was thereafter introduced by Congressman GERALD R. FORD to the 91st Congress on January 29, 1969. On November 4, 1969, Senator WILLIAM PROXMIRE (Wisconsin), introduced Senate Bill 3105 to the 91st Congress for permanent residence of [redacted] and on January 26, 1971, Senator PROXMIRE introduced a similar bill to the 92nd Congress. Records indicate that on July 20, 1971, the Senate Judiciary Committee ruled adversely against the above bill of PROXMIRE.

INS records indicate that thereafter [redacted] was granted voluntary departure from the U. S. until February 13, 1972, and "reportedly" departed the U. S. at

The "Washington Star-News" of Tuesday, October 16, 1973, contained an article entitled "Donors to Ford Unknown" by JAMES POLK, Star-News Staff Writer. The article concerned a "secret fund-raising campaign" for FORD of \$38,216 which was collected by a Washington based campaign committee before the new disclosure law took effect in April, 1972. It was indicated that the treasurer of the committee was JAMES G. MORTON, now deceased, who had been Director of Government Relations for the Manufacturing Chemists Association and the committee chairman was CHARLES MARK. A copy of this article is attached as an enclosure.

The following investigation was conducted by SAs [redacted] and [redacted] on October 17, 1973.

Mr. WILLIAM M. STOVER, Vice President and Director of Government Relations, Manufacturing Chemists Association, (MCA), Washington, D.C. (WDC), advised that he was Mr. JAMES G. MORTON's Administrative Assistant at MCA before Mr. MORTON was deceased. He advised that he was well aware that Mr. MORTON was involved in different campaign functions, specifically that of Mr. GERALD FORD's re-election campaign. He advised that Mr. MORTON operated this political campaign on an individual basis, rather than as a function of MCA. He stated that after Mr. MORTON had died, he specifically sorted through Mr. MORTON's personal files at the office of MCA and also at his apartment. He advised that at no time had he ever noticed any campaign list dealing with the re-election campaign of GERALD FORD, specifically any list of donors to the campaign fund. He stated that many of the records, which mostly dealt with MCA activities, were destroyed and that Mr. MORTON had never mentioned to him who the specific donors to the campaign for re-election of GERALD FORD were. Mr. STOVER concluded by advising he had only met GERALD FORD on several occasions and did not feel qualified to make any type of recommendation.

Mr. WILLIAM J. DRIVER, President of MCA, advised that he was aware of Mr. MORTON's involvement in the fund raising campaign for GERALD FORD. He advised that to the best of his knowledge, Mr. MORTON did not operate his program from his office at MCA, and had never seen any records or files containing any information relating to his political activities. Mr. DRIVER indicated that he could offer no additional information relating to Mr. MORTON's political activities, but indicated that he knew GERALD FORD very well.

Mr. DRIVER continued to say that he was the former director, Department of Veterans Affairs, and that he had many dealings with Mr. FORD. He stated that he believed Mr. FORD to be a man of high ability and indicated that Mr. FORD was a man of integrity, reputable associates, and an extremely loyal American. He advised he knows nothing which he would consider derogatory concerning Mr. FORD and would highly recommend him for any position of trust and confidence with the United States Government.

The following investigation was conducted by SAs [redacted] and [redacted] on October 17, 1978.

Mr. CHARLES T. MARCK, Director, Government Relations, DOW Chemical Corporation, 1825 K Street, N.W., advised that he was the committee chairman of the Washington based re-election campaign for GERALD FORD. Mr. MARCK stated the reason he was chosen was the fact he was now in Washington and was originally from Michigan and through his association with Mr. JAMES G. HORTON at NCA, it was felt he would be the best candidate for the job.

Mr. MARCK advised that the entire fund raising campaign for Mr. FORD consisted of a one hundred dollar a plate fund raising dinner in March of 1972 which took place at the Capitol Hill Club in Washington, D.C. Mr. MARCK advised that this dinner was attended by approximately four or five hundred people and that all of the money collected was handled by the treasurer of the campaign committee, Mr. JAMES G. HORTON. Mr. MARCK also stated that at no time had he ever seen a list of donors for that campaign dinner, nor has any idea of whatever became of the list, if it ever existed. Mr. MARCK continued to say on about April 5 or 6, 1972, he signed a transmittal letter along with Mr. JAMES HORTON, which transmitted the money to the re-election committee for Mr. GERALD FORD in Michigan. Mr. MARCK advised he could not recall the exact contents of the letter nor to whom the letter was specifically sent to in Michigan, other than the re-election committee.

Mr. MARCK indicated that after Mr. HORTON died, he was given some of Mr. HORTON's personal files which he maintained at the Manufacturing Chemists Association (MCA), but stated that there was nothing contained therein other than all invitations to the GERALD FORD re-election campaign dinner, and added once again that no list of donors was located in these personal effects. Mr. MARCK concluded by stating that although his association with Mr. FORD was limited, he knows nothing which would reflect unfavorably on his character, associations, reputation, and loyalty, and recommended him for a position of trust and confidence with the United States Government.

The applicant's name was checked against the records of the Identification Division of the Federal Bureau of Investigation and no arrest record was found.

MODELING AGENCY, FROM 1939 TO 1944, IN NEW YORK. SOURCES
INDICATED THAT FORD WAS AN ORIGINAL PARTNER WITH HAPPY
CONOVER DURING AND AFTER HIS LAW SCHOOL DAYS.

INVESTIGATION FURTHER DETERMINED THAT HE DROPPED OUT OF
THE CONOVER AGENCY IN 1944, DUE TO THE FACT THAT HE WAS IN THE
MILITARY AND COULD NOT SPEND TIME WITH THE AGENCY. THE
INVESTIGATION FURTHER DETERMINED THAT FORD HAD BEEN INVOLVED

Reference is made to my memorandum 10-16-73 indicating SA Richard Taylor's appointment with Mr. Ford to obtain data required for this investigation had been postponed by Mr. Ford until 5:15 p.m., that date.

This is to advise that SA Taylor conferred with Mr. Ford on the evening of 10-16-73 for over two hours to obtain the necessary background data and other material to be used in this investigation. Leads developed were telephonically furnished to the field last night. Mr. Ford was interrupted on numerous occasions by telephone calls but was very cooperative. He made a twenty-minute telephone call to a certified public accountant at Grand Rapids, Michigan, and instructed him to make available to Bureau Agents this morning his Federal and state tax returns and also other personal financial records. Mr. Ford also telephoned Mr. Pat Jennings, Clerk of the House, and requested that House of Representatives campaign fund records be made available to us today.

For your information we have had this case for slightly more than 40 hours and already 25 field offices are involved. It has been thoroughly stressed to all offices that this case must receive preferred attention and their reports of all investigation to date must be received by Thursday morning, 10-18-73. Obviously it will be impossible for the field to complete all investigation in this matter, particularly relating to Mr. Ford's finances, by Thursday but that portion of the investigation completed will be furnished to the Attorney General and The White House by Friday, 10-19-73 with sufficient copies for dissemination to the two Congressional Committees involved.

All outstanding investigation is being vigorously pursued and will be completed at the earliest possible time.

You inquired concerning our possible liaison responsibilities with the Senate Committee on Rules and Administration and the House Committee on Judiciary which will be conducting hearings concerning Ford's nomination as Vice President.

Inspector Bowers received a call on Friday, 10-12-73, from Jerome Zeifman, General Counsel of the House Committee on Judiciary, inquiring about the procedures for the Committee to take so Members could obtain access to results of any FBI investigation of Ford. Zeifman explained he had had no request as yet from his Chairman, Congressman Peter W. Rodino, Jr. (D-N.J.), but he wanted to be in a position to correctly advise him when he did inquire about an FBI investigation of Ford. Zeifman explained confirmation hearings are an uncharted field for House Committees. He said he is aware of the arrangements in existence whereby the Senate Judiciary Committee Chairman receives information from FBI investigations regarding nominees going before that Committee, and he would hope a similar arrangement can be made for his Committee with respect to the Vice Presidential nomination. Zeifman was advised that we conduct investigations on Presidential nominees only upon request and that any access to the results of these investigations would have to be cleared by the Attorney General. It was suggested Chairman Rodino contact the Attorney General in this regard.

Bowers advised John Duffner in the Deputy Attorney General's Office concerning this inquiry since Duffner handles all confirmation matters for the Department. Duffner stated a similar inquiry had been received in the Department from William Cochrane, Staff Director of the Senate Rules and Administration Committee. Duffner said he would promptly discuss this matter with the Attorney General's Office and would let us know if any further action was necessary concerning these inquiries. The above information was promptly furnished to the Special Investigative Division.

R. R. Franck to Mr. Callahan Memo
RE: GERALD R. FORD

As a normal procedure, the FBI does not become directly involved from a liaison capacity in matters concerning confirmation of Presidential appointments, such function being handled by Department of Justice personnel. An exception to this rule recently occurred with respect to a confirmation pending before the Senate Finance Committee wherein the Department specifically requested Bowers to handle a contact with Senator Russell Long (D-La.), Chairman of that Committee, concerning this confirmation. Bowers handled this contact following approval by the Director.

We do have excellent relations with both Committees involved in the Ford confirmation hearings. Both Zeifman and Cochrane are known personally to Bowers who has dealt with them for several years. In addition, we have had cordial relations with all Members of the Senate Rules and Administration Committee which is Chaired by Senator Howard Cannon (D-Nev.) with Senator Marlow Cook (R-Ky.) being the Ranking Minority Member. There are seven other Members of the Committee. There are 38 Members of the House Committee on Judiciary which is Chaired by Congressman Rodino with Congressman Edward Hutchinson (R-Mich.) being the Ranking Minority Member. We have good relations with Rodino and Hutchinson and have a number of other friends on this Committee. This Committee also has a number of Members who have been FBI critics in the past.

Conversations with Senate staff personnel concerned with the Ford nomination late on 10-16-73 revealed the Senate Committee hopes to start its hearings on or about 10-30-73 with the anticipation the hearings will last about a week. The Committee obviously is planning to have the hearings televised. Ford will be the first witness. Senate personnel anticipate the nomination may be settled in the Senate by around 11-16-73. It is probable the Senate and House Committee hearings will be going on at the same time. Ford is expected at this time to appear before the Senate Committee first. Speculation is that the nomination will be cleared by both Houses by around 11-16-73 unless some unexpected problem arises.

It is doubtful the FBI will receive any direct liaison requests concerning the Ford confirmation hearings since the channel of communication between the Committees already has been established with the Department of Justice and our investigation of Ford already is in progress. It is felt if we do receive such inquiries or requests for information these should be referred to the Department of Justice, and we should take no action without instructions from the Department.

RECOMMENDATION:

That we refer any liaison inquiries from the Congress regarding the Ford confirmation matter to the Department of Justice.

Recognizing the need for careful consideration of all investigative reports regarding the nominee, we would propose to provide you and the ranking Republican member of your Committee ^{with access to} the FBI investigative reports in their entirety, rather than summaries thereof. To insure to the greatest extent possible that you will be provided with all relevant materials in a fashion that fully safeguards the rights and interests of innocent parties, access to such investigative reports should not extend to Committee staff members. In addition, all such FBI materials should remain in the custody of officials of the Department of Justice, who will make these files available for your personal review in a manner that is mutually agreeable. No materials will be left with the Committee, but will be returned to the Department of Justice at the conclusion of each session during which they are available for your personal review. To assist you in reviewing the voluminous investigative reports, ^a knowledgeable FBI representatives ^{will accompany my representative and} will be present during the review.

The Director of the FBI has advised me that the experience of the FBI clearly indicates that disclosure of or access to investigative reports should be very narrowly circumscribed to protect innocent parties from publication of unfounded allegations.

The policy of limited access is based on

~~There is an obvious need to protect individual privacy and in some instances to protect the lives of persons where FBI investigations have required confidential interviews. Even disclosure of information which is true and accurate can be harmful to innocent persons or impair the opportunity of a defendant to enjoy his constitutional right to due process. It is absolutely essential that citizens of this country be able to speak to agents of the FBI without fear. The threat of disclosure and subsequent retribution would impose an intolerable burden on the freedom of communication. Equally important, disclosure of FBI files would deny to the FBI needed information in possession of persons who, because of a natural reluctance, would be unwilling to assist in an investigation if they have reason to believe that their information would not be held in confidence.~~ There is a corresponding need to protect those engaged in FBI operations from publication of their recorded comments, suggestions, and criticisms which enrich the administration of the FBI and afford the Director an environment for effective and well considered decisions.

[Faint handwritten notes at bottom left]

During the last several months, we have been made acutely aware of the dangers involved in the improper disclosure of information furnished on a confidential basis. The experience of the Senate Select Committee on Presidential Campaign Activities during the first few months of its existence demonstrates the need to provide very restrictive controls on the availability of sensitive information. Regardless of the procedures adopted in the past in particular instances, we feel the approach outlined above will serve the Committee's legitimate needs and interests, while protecting innocent persons and safeguarding the interests of the public ^{by} ~~in~~ maintaining the FBI capacity to collect critically ^{otherwise} ~~would be unwilling~~ important information from individuals who ^{are willing to} ~~to provide it~~.
cooperate only on a confidential basis.

Officers of ADA furnished no unfavorable information concerning appointee, however, oppose his confirmation because of voting record. National Chairman FRASER withholds further comments pending appointee's confirmation.

DETAILS: AT WASHINGTON, D.C.

Americans For Democratic Action (ADA)

The following investigation was conducted by
Special Agent (SA) [REDACTED] on October 18, 1973.

Mr. JOSEPH RAUH, Attorney, Rauh and Silard, 1001 Connecticut Avenue, N.W., Washington, D.C. advised that he is a former National Chairman of ADA and that he is currently a Vice Chairman. Mr. RAUH stated that ADA, and he as a member of ADA, are opposed to the confirmation of Mr. GERALD R. FORD as Vice President of the United States because it is felt that Mr. FORD has a very poor voting record in the House of Representatives. Mr. RAUH stated that he knew of nothing that could be considered to be of a derogatory nature in the background of Mr. FORD and that his opposition to Mr. FORD's confirmation and ADA's opposition to the confirmation are due to what ADA believes is a very poor congressional voting record on the part of GERALD R. FORD.

b6
b7c

Mr. LEON SHULL, Executive Director of ADA, 1424 16th Street, N.W., Washington, D.C. stated that ADA is basing their opposition to Mr. FORD's confirmation as Vice President on what is believed to be a "very poor" voting record in Congress on Mr. FORD's part. According to Mr. SHULL, ADA feels that Mr. FORD's record was extremely poor in the fields of Civil Rights, Labor, Environmental Programs, Social Programs, and the Indo-China Defense Policy. Mr. SHULL stated that there is nothing personal in the opposition to Mr. FORD's confirmation. ADA believes that Mr. FORD would not be a good Vice President of the United States based on his past performance as a member of the House of Representatives and therefore is opposing his confirmation to the post.

On October 18, 1973, Representative DONALD M. FRASER (Minnesota), National Chairman, Americans for Democratic Action, advised SA RICHARD T. TAYLOR, JR., he has known the appointee on a professional basis for approximately six years. He said he and the appointee have differed with regard to legislative philosophy but he stressed he has no information concerning his personal or professional integrity in these areas. Representative FRASER has seen news accounts by Columnists JAMES M. POLK and JACK ANDERSON which infer questionable conduct of the appointee's relationship with Lobbyist ROBERT WINTER-BERGER. He has no independent information regarding this relationship which would tend to support or refute the assertions contained in these news accounts. Representative FRASER has no question concerning the appointee's character, associates, reputation, or loyalty. He is withholding all further comments concerning the appointee pending his confirmation by the House of Representatives.

ASSOCIATE

The following investigation was conducted at Leesburg, Virginia, by SA [REDACTED]

On October 18, 1973, Mr. LOUIS B. NICHOLS, Route 1, Box 419, Leesburg, Virginia, former Assistant Director, Federal Bureau of Investigation, Washington, D.C., was contacted and advised that he has known the appointee since the appointee was first elected to Congress in 1948. He advised that he, NICHOLS, was originally from the state of Michigan, and before the appointee had come to Washington, D.C. as a Congressman, he had received reports from associates of his in Michigan that the appointee was a man of excellent reputation and character, and would make an outstanding Congressman.

Mr. NICHOLS advised that when the appointee first came to Washington, D.C., he personally contacted him, NICHOLS, and they became good friends and social acquaintances primarily based on their both being natives of the state of Michigan. He advised that the appointee and his family have often been guests at his residence and he, NICHOLS, and his family have been very close with them for over 25 years.

Mr. NICHOLS advised that in his capacity as an Assistant Director with the Federal Bureau of Investigation (FBI), one of his duties was liaison with members of Congress concerning FBI affairs. He advised that he came into contact with the appointee in this regard and found him to be an intelligent and honest individual. He also advised that the other members of Congress with whom he, NICHOLS, came in contact always regarded the appointee as a man of excellent character, reputation and ability.

Mr. NICHOLS advised that the appointee is a religious man who is very happily married and is very conservative in his personal habits. He advised that during the 25 years that they have been acquainted he has never heard a breath of scandal concerning the appointee, and during that period of time has come to regard him as probably one of the most honorable men he has ever known.

Mr. NICHOLS advised that the appointee is a conservative politician while also being progressive in such

a field as human rights. He advised the appointee is greatly concerned for the dignity of the individual citizens of the United States and would do all in his power to insure that every citizen was given every opportunity to improve and better himself.

Mr. NICHOLS advised that as far as he is concerned he regards the appointee as a man who is "clean as a tooth." He explained that his experiences, both officially and socially, with the appointee have led him to the conclusion that he is a man who will not hide anything from his constituents or his fellow Congressmen. He advised that his experiences again with the appointee have only indicated to him that he is a man of outstanding character, morals and integrity, and he regards him as an admirable choice for the position of Vice President of the United States.

Mr. NICHOLS advised that the appointee is a man of strong convictions who will not compromise his high principles for political expediency. He advised that this is primarily why he would recommend the appointee for the position of Vice President of the United States.

DETAILS:

Investigation at Eagle, Colorado, was
conducted by SA DAVID W. YATES with all remaining
by SA H. WARREN TOOL, JR.

RESIDENCE

On October 18, 1973, Mr. ROSS E. DAVIS, Owner, Davis Insurance and Lodge Property Developments, 2230 First National Bank Building, Denver, Colorado, advised that in the early part of 1970, GERALD R. FORD made a \$1000 down payment on Unit 332 of The Lodge At Vail. A short time later when the agreement to purchase the unit was made, Mr. FORD made another payment of \$4050. Still later, and before the closing, Mr. FORD made still another payment of \$5050, which amounted to 20% of the total purchase price of \$50,500. At the closing, on May 1, 1970, Mr. FORD paid the 80% balance of \$40,400.

Mr. DAVIS said Mr. FORD made these payments on the property in cash by use of personal checks. He said he had no information as to whether or not Mr. FORD borrowed a portion of this money with which to pay off the full price of the condominium or whether he utilized his personal reserves. He said he had no information, or records, to show a mortgage existed on the property for which Mr. FORD is responsible. Mr. DAVIS said all of his dealings with Mr. FORD have been entirely satisfactory. He said there were no restrictive covenants in the use or ownership of Mr. FORD's property in The Lodge At Vail, barring persons because of race, creed or religion; that in fact, it is **specifically** stated to the contrary.

Mr. DAVIS said that he had met Mr. FORD on two or three occasions in person but did not feel he knew him sufficiently well to characterize him as to his character, reputation, associates, or loyalty; however, he knew of no information which would reflect unfavorably as to Mr. FORD. He said that practically all his dealings with Mr. FORD were either by letter or telephone in connection with the property purchase.

MISCELLANEOUS

On October 18, 1973, ELLA BINDLEY, Deputy Assessor's Office, Eagle County, Eagle, Colorado, advised that the Warranty Deed for the condominium unit 332, the Lodge Apartment Condominium, Vail, Colorado, was recorded in Eagle County, Eagle, Colorado, on May 7, 1970, reflecting the purchase of this unit by GERALD R. FORD and ELIZABETH B. FORD, as joint tenants and not as tenants in common.

The legal description of this property is Lots a and b, Block 5-C, Vail Village, First Filing, Eagle County, Eagle, Colorado.

ELLA BINDLEY made available the Eagle County, Clerk and Recorder's Office records located in Book 174, Pages 179-186, recorded August 10, 1962, Protection Covenants of Vail Village, First Filing, Eagle County, Eagle, Colorado, and Book 217, Page 531 (consisting of 16 pages) of the "Declaration of Covenants, Conditions, and Restrictions establishing a plan for condominium ownership of the Lodge Apartment Condominium" recorded March 30, 1970. There were no covenants recorded on the property restricting ownership or occupancy of persons as to race, religion, or national origins.

The legal name of the condominium units which are a part of the Lodge At Vail is the Lodge Apartment Condominium.

Re: GERALD RUDOLPH FORD
VICE PRESIDENT DESIGNATE
SPECIAL INQUIRY

In January, 1942, Mr. Ford was a Special Agent applicant. Five reports were submitted by the field. These are good reports and contain considerable information concerning his family background, education, and early employments.

We contemplate disseminating these reports in connection with the current inquiry. Four of the five reports have been retyped to make them more presentable and all references to Ford as a Special Agent applicant have been omitted. He is referred to as an applicant with no mention of the employing agency.

It is noted the applicant investigation of Ford was discontinued in January, 1942. While the specific reason is not shown, underlining on a teletype indicates concern with a report he had joined the America First Committee while a law student at Yale University. Also he had been reclassified by his selective service board after a physical examination had disclosed a knee problem which

had resulted from a football injury.

Copies of the five reports to be disseminated are attached.

Synopsis: Honorable CLIFFORD O'SULLIVAN, Senior Judge, United States Court of Appeals, 6th Circuit, advised FORD man of ability, integrity and reputation, about whom he is aware of nothing of unfavorable nature. He advised that he recommended FORD for position of trust and confidence with the United States Government without reservations.

- RUC -

DETAILS:FEDERAL JUDGES

On October 17, 1973, the Honorable CLIFFORD O'SULLIVAN, Senior Judge, United States Court of Appeals, Sixth Circuit, advised he had known GERALD FORD for at least 25 years. He stated that his friendship with FORD stems from the involvement of both in Michigan politics over the years. Judge O'SULLIVAN stated that he has been a United States Judge for 16 years and prior to that was Republican National Committeeman from the State of Michigan. He indicated that he was not a close friend of FORD's, and knew him only as a Congressman from Michigan. He stated he did not socialize with FORD and was not acquainted with his family.

Judge O'SULLIVAN stated FORD is a man of great ability and, to the best of his knowledge, a man of great integrity. He stated that he has no reason whatsoever to question FORD's honesty and indicated that FORD enjoys an excellent overall reputation. He stated that FORD is an able, thoroughly good American, whose loyalty to the United States is unquestioned.

Judge O'SULLIVAN stated that FORD is a graduate of the University of Michigan and, he believes, Yale Law School. He indicated that he is aware of nothing unfavorable or derogatory in FORD's background.

He advised that some years ago, in approximately 1955 or 1956, he attempted to persuade FORD to run for Governor of Michigan, as it was his judgment that he, FORD, would be an attractive candidate as he had political stature in the State of Michigan and was highly qualified. He stated that FORD declined on the grounds that he could better serve the people of Michigan in Congress.

Judge O'SULLIVAN further advised that he is not aware of any problems FORD had or now has with any minority groups. He stated that there is no doubt that FORD could deal with minorities in a fair, objective, and even-handed way. He stated that FORD is not a racist by any means.

Judge O'SULLIVAN stated he has no reason to question FORD's qualifications or ability to assume the office of Vice President of the United States and indicated that he would recommend FORD for said office without reservations.

In accordance with a request received from the Deputy Attorney General on 10-15-73, who advised that The White House desired the investigation, an investigation has been conducted concerning Mr. Ford, United States Representative from Michigan. We had previously conducted a partial applicant-type investigation of Mr. Ford in 1942 when he applied for the position of Special Agent with the FBI. Investigation was discontinued prior to completion. Underlining in the file indicates that the reason for discontinuance were allegations that he joined the America First Committee at Yale University in the late 1930s and also he was possibly physically disqualified due to football injuries to his knees.

Ford, aged 60, was reared in Michigan and received his B.A. degree from the University of Michigan in 1935. He received an LL.B. degree from Yale University Law School in 1941. He practiced law in Grand Rapids until he entered the United States Navy in 1942. After being discharged in 1946 he again practiced law in Grand Rapids until he was elected to the 81st Congress in November, 1948. He has been in Congress since that time. He is married to the former Elizabeth Bloomer and they have three sons and one daughter. Since January, 1965, he has been Minority Leader of the House of Representatives.

We have completed a substantial part of the investigation but there are still many leads outstanding. Thus far we have interviewed over 450 people from all walks of life concerning Mr. Ford. Investigation thus far is generally favorable concerning Ford. Some prominent labor union officials indicated they are not impressed with his voting record in Congress with respect to matters concerning labor, welfare, and civil rights and some of these were opposed to his nomination for those reasons.

Memorandum to Mr. Cleveland
Re: Gerald Rudolph Ford

Robert C. Byrd, United States Senator from West Virginia, has advised that he does not desire to comment concerning Mr. Ford at this time.

In the past, Jack Anderson has criticized Ford in his column alleging Ford intervened on behalf of AVCO Corporation during an investigation of alleged illegal activities of that corporation. In 1963 we conducted, at the request of the Department, a limited investigation of allegations that an Air Force general and an assistant secretary of the Army may have received payments for having a contract for sound equipment awarded to AVCO. Ford's name never came up during that investigation. Upon completion of investigation the Department determined there was no basis for criminal action.

July, 1973, press reports indicate that Ford freely admitted that he helped G. Gordon Liddy, the Watergate figure, obtain his first job in Washington in 1969. Ford stated Liddy was one of many persons he tried to help get jobs and through his efforts, Liddy obtained a job in Washington with the Department of the Treasury.

Some Democratic Party officials in Michigan, such as Hubert Holley, Chairman of the First Congressional Democratic District of Detroit; Sander M. Levin, former Michigan Democratic State Chairman; and Bruce Miller, Chairman, Democratic Party for Wayne County, Michigan, would not recommend Mr. Ford for various reasons such as he is a Republican, they do not feel he is qualified, and he has voted against legislation favoring labor.

George C. Edwards, Jr., Judge, United States Court of Appeals, 6th Circuit, advised that although he has known Ford on a first-name basis for the past 15 years and believes him a very conscientious and conservative congressman, he could not recommend him for the office of Vice President as he does not feel Ford has the intellectual capacity to deal with that office.

Myra Wolfgang, Vice President, Hotel and Restaurant Workers and Bartenders International Union, Detroit, stated she is opposed to his appointment for strictly political reasons as she feels he is ultraconservative in his voting record regarding labor.

RE: JACK ANDERSON

Memorandum to Mr. Cleveland
Re: Gerald Rudolph Ford

Racial leaders were generally favorable in their comments concerning Ford and voiced no specific objection to his nomination. Other persons were also generally favorable but some indicated objection to him based on political differences, their opinions as to his ability, and his voting record in Congress. Ford's fellow congressmen, including the Michigan delegation, were generally favorable in their comments concerning him. Representative John D. Dingell is not yet certain whether he will vote to confirm Ford because of political differences relating to President Nixon's refusal to make available recordings and tapes sought by the Senate Watergate Committee and by Special Prosecutor Archibald Cox.

Mr. Ford's health is excellent. [REDACTED]

[REDACTED] One Robert Winter-Berger, a former Washington lobbyist, in a book entitled "The Washington Pay-Off" published in 1972 alleged in the book that Ford had been the patient of a New York psychotherapist in the past. We have interviewed the psychotherapist who states this is a lie and Ford has never been a patient of his.

b6
b7c

Ernest Mazey, American Civil Liberties Union (ACLU), Detroit, said he does not know Ford but considers him "a terrible choice" for Vice President as he considers him an "anti-civil libertarian" since he supports the President's position on wire tapping. He stated that the ACLU would take issue with Mr. Ford's appointment before appropriate Congressional Committees. Mr. Ford was a member of the Warren Commission investigating President Kennedy's assassination and was the author, with a ghost writer, of a book entitled "Portrait of the Assassin." Former Chief Justice Earl Warren advised it was agreed among the commission that the final report of investigation would be the only publication made of the inquiry. He was shocked when he heard of the book attributed to Mr. Ford. He pointed out he would allow this statement to stand on its own and based on its contents the reader could determine the propriety of Mr. Ford's action.

Memorandum to Mr. Cleveland
Re: Gerald Rudolph Ford

Ford is a member of the University Club in Grand Rapids which is an exclusive, private, social club whose membership include business and professional people in the Grand Rapids area. Although there are no restrictions regarding membership in the club, there are no nonwhite members of the University Club. However, a representative of the club said there is no racial discrimination practiced by the club. Ford is also a member of the Peninsular Club in Grand Rapids but is very infrequently in the club. It is a "gentlemen's club" for social and business purposes. A representative of the club stated there is no discrimination against anyone because of sex, race, religion, or creed. There is currently one nonwhite member of that club.

We still have pending investigation concerning

Also we have other interviews still outstanding, including all officials of the Americans for a Democratic Action. A check of Mr. Ford's financial records has not been completed since we only obtained those records yesterday and our accounting agents are examining them in Grand Rapids and Washington now. We have received the usual Internal Revenue Service report concerning his 1970, 1971, and 1972 income tax returns. Those returns were timely filed and there is no record of unpaid taxes, liens, or intelligence investigations concerning those returns.

ACTION:

Attached are letters to General Haig at The White House and to the Attorney General transmitting the results of our investigation thus far to them. Two extra copies are being furnished to the Attorney General in the event The White House desires them to be furnished to the appropriate House and Senate committees considering Ford's nomination. Our investigation is continuing and will be completed as soon as possible.
